

CHIP AND SEAL BID SPECIFICATIONS

The City of Marceline is accepting bids for installing approximately 27,249 +/- square yards of chip and seal on city streets.

Sealed proposals will be received to the attention of the City Clerk, 116 North Main Street USA, Marceline, MO 64658, until **3:00 PM**, Central Time, on **Monday, June 30, 2025**.

It is the sole responsibility of the Proposer to assure that their bid is received by the City before the date and time set for receiving bids. Bids must be signed and sealed in an envelope prominently marked:

2025 Street Program – Chip and Seal

The Proposer must submit one (1) hardcopy of their bid for evaluation purposes in a sealed envelope.

The City of Marceline reserves the right to reject any or all bids, to request additional information from any and or all bidders, and to waive technicalities and informalities when such a waiver is determined by the City of Marceline to be in its best interest.

Signature of the bid by the Proposer constitutes acceptance by the Proposer of terms, conditions and requirements set forth herein. Minor exceptions may not eliminate the proposal. Any exceptions to the specifications established herein shall be listed in detail on a separate sheet and attached hereto.

Submitting a bid in no way obligates the City of Marceline to compensate any contractor for any costs associated with the development of any bid.

M/WBE businesses are encouraged to apply. The City of Marceline is an equal opportunity employer.

SITE INSPECTION AND QUESTIONS:

For questions, the Proposer may contact Street Superintendent Adam Lichtenberg at 660.376.3528 during the Street Department's normal working hours of 7:00 AM - 3:30 PM, M-F, excluding holidays or via email at adam.lichtenberg@marcelinemo.us. The deadline for questions shall be **Wednesday, June 18, 2025**. No questions will be entertained or responded to verbally during the bid period.

SCOPE OF WORK:

1. Contractor to supply asphalt emulsion (CRS-2P)
2. Asphalt emulsion (CRS-2P) is to be applied at a rate of .30 gallons per square yard
3. Haydite to be laid should be 1/4 inch thick and be laid immediately following CRS-2P application
4. Haydite material should be immediately rolled following application for proper embedment.
5. Work is to be completed before October 31, 2025
6. Anticipated quantity is 27,249 square yards

City to provide haydite material.

City to prep road for chip / seal application

City will pick-up excess haydite material after rolling.

CONTRACTOR QUALIFICATIONS:

Proposing contractors shall have experience in street overlay and have been in business for at least three (3) years.

Proposing contractors shall have Liability Insurance. Proof of General Public Liability and Property Damage Insurance, including vehicle coverage with a combined single limit for injury and/or property damage of not less than \$1,000,000.00 per occurrence with an aggregate of not less than \$2,000,000 and proof of Workman's Compensation Insurance with statutory limits required by any applicable Federal or state law and Employers Liability Insurance with minimum limit of \$1,000,000 per accident. Contractor shall make the City an additional insured on each policy of liability insurance that bidder is required to maintain under the contract documents. The Contractor's insurance is primary and noncontributory with any insurance of the City. In no event shall the language of this Agreement constitute or be construed as a waiver of limitation for the City's rights or defenses with regard to applicable sovereign, governmental, or official immunities and protections as provided by federal and state constitution or law.

Proposing contractors shall have or obtain a Marceline business license. If the cost of the project exceeds \$75,000, the contractor shall pay prevailing wages for the labor on the project pursuant to Section 290.010 -290.340 RSMo. The prevailing wages will be based on the wage order in effect as of the bid date. If the cost of the project exceeds \$50,000, the contractor shall provide the City payment and performance bonds for the project.

Proposing Contractors are informed that pursuant to Section 285.530 RSMo as a condition of the award of any contract in excess of five thousand dollars (\$5000), the successful bidder shall, by sworn affidavit and provision of documentation, affirm its enrollment and documentation, affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection to the contracted services. Successful bidders shall also sign an affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services. Proposing Contractors shall participate in E-Verify.

The project approved by this Ordinance is subject to the requirements of Section 292.675, RSMo, which requires all contractors or subcontractors doing work on the Project to provide and require its on-site employees to complete, a ten (10) hour course in construction safety and health approved by the Occupational Safety and Health Administration ("OSHA") or a similar program approved by the Missouri Department of Labor and Industrial Relations which is at least as stringent as an approved OSHA Program. The training must be completed within sixty (60) days of the date work on the project commences. On-site employees found on the worksite without documentation of the required training shall have twenty (20) days to produce such documentation.

The Contractor shall also provide an affidavit for public benefits under Section 208.009 RSMo.

PROJECT QUALIFICATIONS:

- 1) The proposal shall include all necessary work for the project, including design, procurement, and installation of the scope of work concept and specifications provided below. This includes, but is not limited to:
 - a) Permits, review by state and other authorities having jurisdiction if necessary. The City will provide all City permits and inspections with no cost to the successful bidder.
 - b) Any needed mechanical, electrical, or construction changes in order to prepare the site.
 - c) General construction
- 2) The Contractor is responsible for verifying existing site conditions.
- 3) Coordination with staff regarding scheduling. The Contractor is responsible to notify the Street Superintendent of shutdowns, equipment relocation, vehicle removal, needed staging areas for equipment or supplies, or any other potential interruptions with 24 hours' notice.
- 4) Removal and legal disposal of all equipment and material required for the scope of work.
- 5) All work shall be accomplished in accordance with the applicable Federal, State, and Local Codes and restrictions. The contractor is responsible for securing and paying any fees associated with the required inspection of this work with the exception of the City inspection and permits which will be handled by the City of Marceline. Copies of all approved inspections shall be provided to the City of Marceline.
- 6) Guards and Lights. The Contractor agrees that during the performance of said work, adequate barricades, guards and warning signs, lights or devices consistent with the requirements contained in the Manual on Uniform Traffic Control Devices shall be provided by the Contractor During construction.

SUBMITTAL REQUIREMENTS:

- 1) Up to three (3) reference projects of a similar type as possible to include project name, customer, location and date. A Customer reference familiar with the project and phone or email contact may be requested if needed during the evaluation process.
- 2) Project schedule. The City intends to start construction as soon as the weather and the contractor's schedule allows. The contractor shall submit a preliminary work schedule as well as a desired payment schedule along with the proposal. Weather delays are understood to have a major impact on scheduling.
- 3) Certificate of Insurance(s) with additional insured endorsement
- 4) Warranty duration and terms for material and labor.
