#### **OLD BUSINESS:**

Ballot Language Discussion: City Clerk Lindsay Krumpelman reported that the ballot language is the same as last year except it is for a one million dollar bond issue with a tax levy of \$0.49 per one hundred dollars of assessed valuation. In addition, there are two sentences added at the end concerning the 1/2 cent sales tax that was approved on November 3rd by the voters. She explained that the reason for the tax levy being a little more than half of the previous levy is the bond advisors are expecting higher interest rates in 2016 than 2015. There was some discussion on the topic.

#### **NEW BUSINESS:**

Skid Loader Bids: Street Superintendent Ed Ewigman presented the bids received for a new compact track (skid) loader. He recommended to the Council that they select the bid from Bobcat of St. Louis - Columbia in the amount of \$44,487.75. Superintendent Ewigman stated that this piece of equipment offers all the items on the specification sheet and more. He reported that it will connect to all existing attachments the city currently owns without the need of adaptors or retrofitting and has vertical lift capacity. For those reasons, Superintendent Ewigman stated he felt that piece of equipment best meets the needs of the City of Marceline. There was discussion on the topic by the Council about the various bids received. Councilman Brammer moved to accept the Bobcat of St. Louis - Columbia bid for the Bobcat T650 Compact Track Loader in the amount of \$44,487.75. Councilman Carver seconded the motion. Water/Wastewater Superintendent Kevin Wiggins went over the bids with the Council. He recommended the Council accept the bid from Cupp Chevrolet for the 2016 Chevrolet 3500 with the double cab and options. He explained why he thought it was the best bid to meet the City's needs, including that all the service would be done in town and the dealer is located in Marceline. City Clerk Krumpelman explained that with this bid plus the interest, since it will be financed for a 5 year period, it will be slightly over budget for this year. Mayor Shoemaker inquired if Cupp Chevrolet would meet Smith Motor's low bid for the same type of Ford vehicle. The Council discussed the topic. Councilman Holt moved to accept the bid from Cupp Chevrolet for the 2016 Chevrolet 3500 with the double cab and options in the amount of \$38,824.66 and for it to be financed with whomever provided the lowest interest rate available. Mayor Shoemaker informed him that this only applies to the water and sewer and not electric portion of the bill. Perry Wiggins requested that the landlords be contacted when the City shuts off the utilities to rental houses. There was some discussion on the topic. City Manager Richard Hoon went over the other changes within the Chapter, such as removing of the guaranty option and resolution committee, addition of a customer-initiated temporary disconnection reconnect fee, and repeals the delinquent bill section in the 705 and 715 chapters.
